

# Find Support from Those Who Understand

Caring for a loved one with Alzheimer's disease or other dementia can be difficult, but with support you can know that you are not alone.

Village Assisted Living Memory Care and the Village Care Center's Memory Care Unit co-sponsor a monthly meeting to provide those who share common experiences and struggles an opportunity to exchange thoughts and solutions with others.

This group will focus on education and on understanding dementia and the special needs and difficulties care partners must face on a daily basis.

## Alzheimer's and Dementia Support Group

6 to 7 p.m.

Second Thursday of each month

Open to the public.

VCC Conference Room

600 N.W. Pryor Road  
Lee's Summit, MO 64081
